Plainfield Recreation 2011-2012
Youth Basketball

YOUTH BASKETBALL is open to children who live in the Town of Plainfield. Youth Basketball is designed to teach children the fundamentals of basketball including skill development and sportsmanship. The program is held in the evenings. The children participate two times a week usually one practice and one game. Players will recieve a schedule at the first practice. Players will attend a "Team Selection" night where their skills will be evaluated and they will be placed on a team. A letter confirming this date will be mailed once registration closes.

Children are placed on teams who are coached by volunteers. Teams are co-ed. The season will begin in late November and go through February. Games and practices will be held at Plainfield Memorial, Plainfield Central, Moosup Elementary and Shepard Hill.
