

Office of the Plainfield Fire Marshal and Emergency
Management Director

Our office remains open for business and is able to help you with any of your fire code questions, permit issues, inspections, plan reviews, burning permits or any other Fire Marshal services. The same goes for any emergency management issues or concerns.

While the Town Hall doors are locked I will still be either at the in my office at the Town Hall or the Plainfield Emergency Operations Center.

To reach me please call my office at 860-230-3013 or reach me by email at pyellen@plainfieldct.org

I will be checking my email and phone messages several times a day. If needed, we can meet outside should you feel more comfortable with that.

Thank you for your understanding during these difficult times.

Paul J. Yellen

Fire Marshal

Emergency Management Director
