

# COMMUNITY ROCK GARDEN

Presented by

The **Plainfield Business Association** is planning the design and construction of a **Community Rock Garden**. The garden will be located at Lions Park, inside the fence, on the slope, facing the track. The PBA would like to fill the garden with rocks hand painted by both its residents and its business owners. The theme is inspirational words and symbols and colors. Suggested words include: **Peace, Love, Hope, Community, Together, Friend**. Please, no political or negative themes.

**PURPOSE:**

The purpose of the garden is to rally our residents and business communities to come together and create a garden that will remind us that with love, hope, kindness and peace, we will all get through these difficult times together. The garden was designed to be a long-lasting memorial, where our community can go to reflect and find a message of inspiration for many years to come.

**PLAINFIELD RESIDENTS:**

**Pick Up** -- Rocks and paint kits will be available for pick up at the following locations:

- ✚ K&H Construction 1231 Norwich Road
